

How to Green Clean your Drains

Please do not to use an acid base drain cleaner because this will damage the pipes in the long run. It might clear the drain but cause damage further in the system.

Included is a web link that has great GREEN alternatives.

Drain Cleaner

Pour together: ½ c. borax in drain followed by
2 c. boiling water

OR

¼ c baking soda down the drain, followed by
½ c. vinegar

Cover drain and let sit for 15 minutes. Follow with 2 qts. boiling water.

OR

Use a plumber's "snake" and boiling water.

Toilet Bowls

Pour: ¼ c. baking soda into bowl and drizzle with vinegar.
Let sit for ½ hour. Scrub and flush. Add borax for stains.
